**Intent To Prepare an Environmental
Impact Statement for the Proposed
Fee-to-Trust Conveyance of Property
for the Seminole Tribe of Florida**

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Indian Affairs, in cooperation with the Seminole Tribe of Florida (Tribe), intends to prepare an environmental impact statement for the Tribe's proposed 47± acre trust

acquisition and subsequent construction of a mixed-use development in Broward County, Florida. The project site may include, but is not limited to, a variety of proposed land uses such as a hotel, commercial retail uses, fitness and entertainment facilities, and related employee parking. The purposes of the proposed action are to consolidate the Tribe's land holdings surrounding the existing Coconut Creek Casino into one contiguous trust property, to improve the Tribe's economy, and to help Tribal members attain economic self-sufficiency. This notice also announces a public scoping meeting to identify potential issues and content for inclusion in the environmental impact statement.

DATES: Written comments on the scope of the environmental impact statement or implementation of the proposal must arrive by September 20, 2010. The public scoping meeting will be held on September 15, 2010, from 6 p.m. local time.

ADDRESSES: You may mail, hand carry, or fax written comments to Franklin Keel, Regional Director, Eastern Regional Office, Bureau of Indian Affairs, 545 Marriott Drive, Suite 700, Nashville, Tennessee 37214, Fax (615) 564-6701. *Please see the SUPPLEMENTARY INFORMATION section of this notice for directions on submitting comments.* The public scoping meeting will be held at: Coral Springs High School Auditorium, 7201 West Sample Road, Coral Springs, FL 33065-2249.

FOR FURTHER INFORMATION CONTACT: Kurt G. Chandler, Bureau of Indian Affairs, (615) 564-6832.

The proposed development also includes a parking garage and associated employee parking. Significant issues to be covered during the scoping process may include, but are not limited to, air quality, transportation, surface and groundwater resources, biological resources, cultural resources,
